Defendants.

THE UNITED STATES GRAND JURY CHARGES THAT:

At times relevant to the indictment:

INTRODUCTION

1. The defendants devised and carried out a massive scheme to defraud the federal child nutrition program, a program designed to provide free meals to children in need. The defendants obtained, misappropriated, and laundered millions of dollars in program funds that were intended as reimbursements for the cost of serving meals to children. The defendants exploited changes in the program intended to ensure

underserved children received adequate nutrition during the Covid-19 pandemic. Rather than feed children, the defendants took advantage of the Covid-19 pandemic—and the resulting program changes—to enrich themselves by fraudulently misappropriating millions of dollars in federal child nutrition program funds.

A. Background on the Federal Child Nutrition Program

2. The Food and Nutrition Service is an agency of the United States Department of Agriculture (USDA) that administers various federal child nutrition programs, including the Summer Food Service Program and Child and Adult Care Food Program (together “the Federal Child Nutrition Program”).

3. The Summer Food Service Program (SFSP) is a federal program established to ensure that children continue to receive nutritious meals when school is not in session. The Summer Food Service Program reimburses non-profit organizations and other participating entities that serve free healthy meals and snacks to children and teens in low-income areas.

4. The Child and Adult Care Food Program (CACFP) is a federal program that reimburses non-profit organizations and other participating entities that serve healthy meals and snacks to children and adults at participating childcare centers, daycares, and after-school programs.

5. The Federal Child Nutrition Program operates throughout the United States. The USDA’s Food and Nutrition Service administers the program at the national and regional levels by distributing federal funds to state governments, which provide oversight over the Federal Child Nutrition Program.

6. The Minnesota Department of Education (MDE) administers the Federal Child Nutrition Program in Minnesota.

7. Meals funded by the Federal Child Nutrition Program are served by “sites.” Each site participating in the Federal Child Nutrition Program must be sponsored by a sponsoring organization that is authorized to participate in the Federal Child Nutrition Program. Sponsors are required to submit an application to MDE for each site. Sponsors are responsible for monitoring each of their sites and preparing reimbursement claims for their sites.

8. Sponsors submit reimbursement claims to MDE on behalf of sites under their sponsorship. The USDA then provides federal reimbursement funds on a per-meal basis. MDE provides the federal funds to the sponsoring agency, which in turn pays the reimbursements to the sites under its sponsorship. The sponsoring agency retains 10 to 15 percent of the funds as an administrative fee in exchange for sponsoring the sites, submitting reimbursement claims, and disbursing the federal funds.

9. Historically, the Federal Child Nutrition Program has generally functioned by providing meals to children involved in educational-based programs or activities. During the Covid-19 pandemic, however, the USDA waived some of the standard requirements for participation in the Federal Child Nutrition Program. Among other things, USDA allowed for-profit restaurants to participate in the program. It also allowed for off-site food distribution to children outside of educational programs. At the same time, the state government’s stay-at-home order and telework

policies made it more difficult to oversee the program. These changes left the program vulnerable to fraud and abuse.

B. The Defendants and Their Roles

10. Defendant AIMEE MARIE BOCK was the founder and executive director of Feeding Our Future, a non-profit organization in the business of helping community partners participate in the Federal Child Nutrition Program and related federal programs. Feeding Our Future was an approved sponsor of the Federal Child Nutrition Program. As a sponsor, Feeding Our Future was responsible for submitting site applications to MDE for approval, monitoring active sites, submitting claims for reimbursement from MDE, and disbursing federal funds to sites under its sponsorship. Feeding Our Future received payment from MDE and kept an administrative fee—typically 10 to 15 percent. Feeding Our Future provided the remaining funds directly to sites.

11. Defendant ABDIKERM ABDELAHI EIDLEH was an employee of Feeding Our Future who was responsible for recruiting and supporting Federal Child Nutrition Program sites under Feeding Our Future's sponsorship.

12. Defendants SALIM AHMED SAID, ABDULKADIR NUR SALAH, and ABDIRAHMAN MOHAMUD AHMED, also known as "Chef Abcos," owned Cosmopolitan Business Solutions LLC, the entity that ran Safari Restaurant in Minneapolis. Safari Restaurant had approximately \$600,000 in annual revenue in each of the three years (2017-2019) prior to the onset of the Covid-19 pandemic. Safari Restaurant enrolled in the Federal Child Nutrition Program in April 2020 under the sponsorship of Feeding Our Future. Safari Restaurant also operated as a vendor

purporting to deliver food and meals to be served at other Federal Child Nutrition Program sites.

13. Defendants ABDIHAKIM ALI AHMED, SALIM SAID, and AHMED ABDULLAHI GHEDI created ASA Limited LLC in September 2020. ABDIHAKIM AHMED, SALIM SAID, and AHMED GHEDI were equal 33% partners in the company. ASA Limited opened federal child nutrition program sites in St. Paul, Minnesota, including a site on McKnight Road (the “ASA Limited site”).

14. Defendant AHMED SHARIF OMAR-HASHIM, also known as “Salah Donyale,” created a company called Olive Management Inc. in or about September 2020. Olive Management opened a federal child nutrition program site in St. Cloud, Minnesota (the “Olive Management site”).

15. Defendants ABDULKADIR NUR SALAH and AHMED OMAR-HASHIM operated Total Financial Solutions, a company that provided payroll and bookkeeping services to many of the companies involved in the fraud scheme.

16. Defendants ABDULKADIR NUR SALAH, ABDI NUR SALAH, and AHMED MOHAMED ARTAN, registered Stigma-Free International, a non-profit entity used to carry out the scheme. Stigma-Free International opened up several Federal Child Nutrition Program sites around the state of Minnesota, including in Willmar, Mankato, St. Cloud, Waite Park, and St. Paul.

17. Defendant ABDIKADIR AINANSHE MOHAMUD, also known as “AK,” ran the Stigma-Free site in Willmar, a small town in west-central Minnesota with a total population of approximately 21,000 (the “Stigma-Free Willmar site”).

18. Defendants ABDINASIR MAHAMED ABSHIR and ASAD MOHAMED ABSHIR ran the Stigma-Free site in Mankato, a mid-sized city in southwestern Minnesota (the “Stigma-Free Mankato site”).

19. Defendant HAMDİ HUSSEIN OMAR ran the Stigma-Free site in Waite Park, a suburb of St. Cloud, Minnesota (the “Stigma-Free Waite Park site”).

20. Bet on Better Future was a non-profit organization created by ABDULKADIR SALAH in or about June 2021. Bet on Better Future opened several Federal Child Nutrition Program sites throughout Minnesota, including sites in Rochester, Minneapolis, Burnsville, and Faribault.

Count 1

(Conspiracy to Commit Wire Fraud)

21. From in or about April 2020 through in or about 2022, the defendants,

AIMEE MARIE BOCK,
ABDIKERM ABDELAHI EIDLEH,
SALIM AHMED SAID,
ABDULKADIR NUR SALAH,
AHMED SHARIF OMAR-HASHIM,
also known as “Salah Donyale,”
ABDI NUR SALAH,
ABDIHAKIM ALI AHMED,
AHMED MOHAMED ARTAN,
ABDIKADIR AINANSHE MOHAMUD,
also known as “AK,”
ABDINASIR MAHAMED ABSHIR,
ASAD MOHAMED ABSHIR,
HAMDİ HUSSEIN OMAR, and
AHMED ABDULLAHI GHEDI,

conspired with each other, and others known and unknown to the grand jury, to devise a scheme and artifice to defraud and to obtain money by materially false and fraudulent pretenses, representations, and promises, and for the purpose of executing such scheme and artifice, transmitted and caused to be transmitted writings, signs,

signals, pictures, and sounds by means of wire, radio or television communication in interstate or foreign commerce, in violation of Title 18, United States Code, Sections 371 and 1343.

Object and Purpose of the Conspiracy

22. The object and purpose of the conspiracy was to carry out a fraudulent scheme to obtain tens of millions of dollars in Federal Child Nutrition Program funds by submitting fraudulent claims that they were serving meals to thousands of children a day.

Manner and Means of the Conspiracy

23. The conspirators used the following manner and means, among others, to accomplish the objects and purpose of the conspiracy.

Feeding Our Future

24. As Executive Director of Feeding Our Future, AIMEE BOCK oversaw a massive scheme to defraud carried out by sites under its sponsorship. BOCK and her company recruited individuals and entities to open up more than 200 Federal Child Nutrition Program sites throughout the state of Minnesota. The sites fraudulently claimed to be serving meals to thousands of children a day within just days or weeks of being formed and despite having few, if any, staff and little to no experience serving this volume of meals.

25. Feeding Our Future also opened its own Federal Child Nutrition Program sites, including several sites in Minneapolis and a site in Burnsville. Feeding Our Future contracted with vendors who would, in theory, provide meals to be served to children by Feeding Our Future staff. In reality, the Feeding Our Future

sites were fraudulent and their claims to be serving meals to thousands of children a day, seven days a week, were false.

26. In support of these fraudulent claims, the conspirators created and submitted fake documentation to cover up their fraud. Sites submitted fraudulent meal count sheets purporting to document the number of children and meals served at each site. They also submitted fake invoices purporting to document their purchase of food to be served at the sites. Although some sites did purchase and serve some small amount of food, they obtained fraudulent invoices for inflated quantities of food purchased or meals served to make it appear as though they were serving meals to thousands of children each day. The conspirators also created fake invoices from legitimate food distribution companies in order to cover up their scheme to defraud.

27. The sites submitted fake attendance rosters. The rosters purported to list the name and age of each child that received a meal each day. But the rosters were fake and did not actually track the service of meals to children. Instead, the conspirators created the lists using fake names. Because the program only reimbursed for meals served to children, the conspirators sometimes used an Excel formula to insert a random age between 7 and 17 into the rosters.

28. Despite knowing the claims were fraudulent, BOCK and Feeding Our Future submitted her co-conspirators' fraudulent claims to MDE and then disbursed the fraudulently obtained Federal Child Nutrition Program funds to the individuals and entities involved in the scheme.

29. Beginning in approximately April 2020, Feeding Our Future dramatically increased both the number of sites under its sponsorship as well as the

amount of Federal Child Nutrition Program funds received by those sites. The company went from receiving and disbursing approximately \$3.4 million in federal funds to sites under its sponsorship in 2019 to nearly \$200 million in 2021. In all, Feeding Our Future fraudulently obtained and disbursed more than \$240 million in Federal Child Nutrition Program funds during the Covid-19 pandemic.

30. In exchange for sponsoring these sites' fraudulent participation in the program, Feeding Our Future received nearly \$18 million in Federal Child Nutrition Program funds as administrative fees in 2021. Because its administrative fees were tied to the amount of federal funds received by sites under its sponsorship, Feeding Our Future received tens of millions of dollars in administrative fees to which it was not entitled due to its sponsorship and facilitation of sites' fraudulent participation in the program.

31. In addition to the administrative fees, BOCK, ABDIKERM EIDLEH, and other Feeding Our Future employees also solicited and received bribes and kickbacks from individuals and companies sponsored by Feeding Our Future. In effect, Feeding Our Future operated a pay-to-play scheme, where individuals seeking to operate fraudulent sites under the sponsorship of Feeding Our Future had to kickback a portion of their fraudulent proceeds to Feeding Our Future employees. Many of these kickbacks were paid in cash or disguised as "consulting fees" paid to shell companies created by Feeding Our Future employees to conceal the true nature of the payments and to make them appear legitimate.

32. As part of the scheme, EIDLEH also created his own Federal Child Nutrition Program sites in the name of nominee owners. EIDLEH, through his

nominee owners, fraudulently claimed that the sites were serving meals to thousands of children per day. EIDLEH created shell companies purporting to be meal vendors providing food and meals to be served at these sites. EIDLEH also created and submitted fraudulent invoices purporting to document the sale of meals to the sites. In reality, these invoices were fake and designed to obtain, misappropriate, and launder Federal Child Nutrition Program funds.

33. In order to cover up and continue the fraud, BOCK and Feeding Our Future sought to divert attention away from their fraudulent scheme by blaming MDE when it attempted to perform legitimate and necessary oversight. MDE regularly raised questions about the number of sites and amount of claims being submitted by Feeding Our Future on behalf of sites under its sponsorship. BOCK and Feeding Our Future knew that MDE's concerns were valid, and that little of the Federal Child Nutrition Program funds disbursed by Feeding Our Future were used to feed children. BOCK further knew that if MDE discovered the true nature of the fraud, the flow of federal funds to Feeding Our Future and sites under its sponsorship would stop.

34. To allay MDE's concerns and suspicions, BOCK and Feeding Our Future gave false assurances that they were monitoring the sites under its sponsorship and that the sites were serving the meals as claimed. When MDE employees pressed BOCK for further clarification and answers, BOCK accused MDE of discrimination and unfairly scrutinizing Feeding Our Future's sites. When MDE denied Feeding Our Future site applications, BOCK and Feeding Our Future filed a lawsuit accusing

MDE of denying the site applications due to racial animus in violation of the Minnesota Human Rights Act.

Safari Restaurant

35. As part of the conspiracy, in April 2020, during the early days of the Covid-19 pandemic, the Safari Restaurant opened a Federal Child Nutrition Program site under the sponsorship of Feeding Our Future. By July 2020, Safari Restaurant claimed to be serving meals to 5,000 children a day, seven days a week. In all, the defendants claimed to have served more than 3.9 million meals to children at the Safari Restaurant site between April 2020 and November 2021.

36. In support of their fraudulent claims, the conspirators submitted fake attendance rosters purporting to list the names and ages of children who attended and received meals at the Safari Restaurant site's "after-school program." For example, in October 2021, SALIM SAID submitted a roster listing the names and ages of approximately 2,036 children who received the Safari Restaurant site. The roster was fraudulent. Of the more than 2,000 names on the list, only approximately 100 matched those of children attending school in the Minneapolis Public School District.

37. Safari Restaurant also operated as a vendor purporting to deliver food and meals to Federal Child Nutrition Program sites created by co-conspirators throughout the state of Minnesota. In all, the defendants claimed that Safari Restaurant provided more than 2.2 million meals to other Federal Child Nutrition Program sites involved in the scheme. In all, as part of the scheme to defraud, Safari Restaurant received more than \$16 million in Federal Child Nutrition Program funds

in 2020 and 2021. SALIM SAID and ABDULKADIR SALAH sent much of this money to their co-conspirators via shell companies created and used to receive and launder the proceeds of the fraudulent scheme.

38. Feeding Our Future received more than \$1.4 million in administrative fees for sponsoring Safari Restaurant's fraudulent participation in the program during this period. In addition, Safari Restaurant paid more than \$350,000 in bribes and kickbacks to BOCK and EIDLEH in exchange for Feeding Our Future's sponsorship of Safari Restaurant's fraudulent participation in the Federal Child Nutrition Program.

The ASA Limited and Olive Management Sites

39. In September and October 2020, SALIM SAID, ABDULKADIR SALAH, and other co-conspirators associated with Safari Restaurant applied to open new Federal Child Nutrition Program sites. They applied to open these sites under the names of newly created shell companies—ASA Limited and Olive Management.

40. As part of the scheme, ABDIHAKIM AHMED, SALIM SAID, and AHMED GHEDI opened up a Federal Child Nutrition Program site in St. Paul (the "ASA Limited site") in September 2020. The ASA Limited site claimed to have served meals to 2,000 or 3,000 children each day, seven days a week at the Gurey Deli, a small market located in a strip mall in St. Paul. During the one-year period from September 2020 to September 2021, the conspirators claimed to have served more than 1.6 million meals at the ASA Limited site. In support of these claims, ABDIHAKIM AHMED and his co-conspirators prepared and submitted fraudulent meal counts and invoices.

41. The conspirators also submitted a fake attendance roster that purported to identify both the names and ages of approximately 2,000 children that attended the ASA Limited site's "after-school program" in September 2021. The list was fake. Indeed, the spreadsheet contained a formula that inserted a random number between 7 and 17 in the age column for each "child" on the list.

42. Based on these false claims, ABDIHAKIM AHMED and his co-conspirators received approximately \$5 million in Federal Child Nutrition Program reimbursements for meals purported served at the ASA Limited site. ABDIHAKIM AHMED sent much of this money to his co-conspirators via shell companies created and used to receive and launder the proceeds of the fraudulent scheme. For its part, Feeding Our Future received more than \$400,000 in administrative fees for sponsoring the ASA Limited site's fraudulent participation in the program.

43. ABDIHAKIM AHMED also paid approximately \$49,000 in kickbacks from ASA Limited LLC to ABDIKERM EIDLEH, the Feeding Our Future employee who served as the site support manager for the ASA Limited site. These payments were made to entities controlled by EIDLEH, in order to disguise the nature of the kickback payments and to make them appear legitimate.

44. As part of the scheme, AHMED OMAR-HASHIM opened up the Olive Management site in September 2020. The Olive Management site fraudulently claimed to have served meals to 3,000 children a day, seven days a week, at the Hormud Meat and Deli, a small storefront deli located in a strip mall in St. Cloud. During the 12-month period from September 2020 to September 2021, OMAR-HASHIM and his co-conspirators fraudulently claimed to have served more than 1.6

million meals to children at the Olive Management site. In support of these claims, OMAR-HASHIM prepared and submitted fraudulent meal count sheets and invoices.

45. In support of their fraudulent claims, the conspirators also submitted a fake attendance roster purporting to list the names of 2,040 children who attended the Olive Management site's "after-school program." The roster was fraudulent. Of the approximately 2,040 names on the list, only approximately 20 matched the names of children attending school in the St. Cloud Public School District.

46. Based on these fraudulent claims, from in or about September 2020 to September 2021, OMAR-HASHIM and his co-conspirators received approximately \$5 million in Federal Child Nutrition Programs reimbursements for meals purportedly served to children at the Olive Management site.

47. OMAR-HASHIM sent much of this money to his co-conspirators via shell companies created and used to receive and launder the proceeds of the fraud scheme. OMAR-HASHIM also paid approximately \$45,000 in kickbacks from Olive Management to EIDLEH, the Feeding Our Future employee who served as the site support manager for the Olive Management site. Feeding Our Future also received approximately \$400,000 in administrative fees for sponsoring Olive Management's fraudulent participation in the program.

The Stigma-Free Sites

48. In October 2020, MDE announced that USDA was no longer allowing restaurants and other for-profit companies to enroll as Federal Child Nutrition Program sites. MDE explained that restaurants would only be allowed to participate as meal vendors providing food and not as distribution sites. MDE further announced

that any restaurants enrolled as distribution sites would be closed as of October 31, 2020. In response to this new policy, and in an effort to facilitate the sites' fraudulent participation in the scheme, on or about October 20, 2020, BOCK emailed a letter to MDE titled "Clarification – Restaurants." In the letter, BOCK falsely claimed that many of the sites opened at restaurants were actually being staffed and operated by Feeding Our Future employees, including the Safari Restaurant, Olive Management, and ASA Limited sites. With respect to each of these sites, BOCK claimed—falsely—that the "site is being staff[ed] by Feeding Our Future. . . . Only Feeding Our Future's trained staff and volunteers and sponsor trained site staff serving as volunteers are permitted to distribute the meals."

49. Shortly after MDE announced that it was no longer approving sites run by restaurants and other for-profit companies, the owners of Safari Restaurant and other associates, including ABDULKADIR SALAH, SALIM SAID, AHMED OMAR-HASHIM, ABDI SALAH, and AHMED ARTAN, obtained a new non-profit entity, Stigma-Free International, for use in carrying out the scheme. They immediately used their new non-profit to open a number of new Federal Child Nutrition Program sites. At the same time, other conspirators, including ABDIKADIR MOHAMUD, ABDINASIR ABSHIR, ASAD ABSHIR, and HAMDY OMAR, created additional shell companies to serve as meal vendor companies purporting to provide the meals to be served to children at these Stigma-Free International sites. Together, the defendants claimed to be serving meals to tens of thousands of children each day throughout the state of Minnesota, for which they fraudulently claimed and received millions of dollars in Federal Child Nutrition Program funds.

The Stigma-Free Willmar Site

50. As part of the conspiracy, AHMED ARTAN and ABDIKADIR MOHAMUD opened the Stigma-Free Willmar site in October 2020. The Stigma-Free Willmar site purported to serve meals to 2,000 or 3,000 children a day, seven days a week, from FaaFan restaurant, a small storefront restaurant in downtown Willmar. Prior to 2020, FaaFan Restaurant served a few dozen people a day. FaaFan Restaurant had only \$500 or \$600 in daily sales and less than \$200,000 in annual revenue. The owner of FaaFan Restaurant leased the storefront restaurant space for approximately \$1,600 per month. In or about October 2020, ABDIKADIR MOMAHUD approached the owner of FaaFan Restaurant and offered to pay him \$40,000 per month to use his small storefront restaurant for the Stigma-Free Willmar site. From January to November 2021, ABDIKADIR MOHAMUD paid more than \$570,000 to the owner of FaaFan Restaurant. ABDIKADIR MOHAMUD also created a shell company called Tunyar Trading that purported to be a meal vendor providing meals to be served at the Stigma-Free Willmar site.

51. During the one-year period from November 2020 to November 2021, ABDIKADIR MOHAMUD and his co-conspirators claimed to have served approximately 1.6 million meals at the Stigma-Free Willmar site. In support of these claims, ABDIKADIR MOHAMUD prepared and submitted fraudulent meal count sheets and invoices.

52. The conspirators submitted a fake attendance roster purporting to list the names and ages of approximately 2,000 children who attended the Stigma-Free Willmar site's "after-school program." The list was fake and submitted to support

their fraudulent claims. The 2,000 names on the roster would have represented nearly half of the total number of students who attended school in the Willmar public school district. But, in reality, only approximately 33 of the names on the roster matched the names of actual students attending school in the Willmar Public School District.

53. Based on these claims, ABDIKADIR MOHAMUD and his co-conspirators received more than \$4 million in Federal Child Nutrition Program funds. Rather than use this money to serve meals or feed children, the conspirators fraudulently misappropriated and stole much of it. ABDIKADIR MOHAMED transferred more than \$2 million from Tunyar Trading to himself and other co-conspirators, including SALIM SAID, ABDULKADIR SALAH, ADBI SALAH, and AHMED GHEDI. The bulk of this money was not transferred directly to the defendants, but instead routed to entities set up and used to disguise the source and use of the proceeds of the fraud scheme.

54. Feeding Our Future received nearly \$500,000 in administrative fees for sponsoring the Stigma-Free Willmar site's fraudulent participation in the program. ABDIKADIR MOHAMED also paid more than \$225,000 in bribes and kickbacks from Tunyar Trading LLC to ABDIKERM EIDLEH, the Feeding Our Future employee who served as the site support manager for the Stigma-Free Willmar site, in exchange for the sponsoring and facilitating Stigma-Free Willmar's fraudulent participation in the Federal Child Nutrition Program.

The Stigma-Free Mankato Site

55. ABDINASIR MAHAMED ABSHIR and ASAD MOHAMED ABSHIR opened the Stigma-Free Mankato site in October 2020. The Stigma-Free Mankato site purported to serve meals to 3,000 children a day, seven days a week. ABDINASIR MAHAMED ABSHIR and ASAD MOHAMED ABSHIR also created a shell company called Horseed Management that purported to serve as a meal vendor providing meals to be served at the site.

56. ABDINASIR ABSHIR and ASAD ABSHIR claimed to be operating the Stigma-Free Mankato site out of J's Sambusa, a small restaurant in North Mankato. ABDINASIR ABSHIR and Horseed Management LLC paid more than \$440,000 to the owner of J's Sambusa from December 2020 to December 2021 in exchange for using the restaurant for the Stigma-Free Mankato site.

57. During the one-year period from November 2020 to November 2021, ABDINASIR ABSHIR, ASAD ABSHIR, and their co-conspirators claimed to have served more than 1.6 million meals at the Stigma-Free Mankato site. In support of these claims, ABDINASIR ABSHIR and his co-conspirators prepared and submitted fraudulent meal count sheets, attendance rosters, and invoices.

58. As with the Stigma-Free Willmar site, the conspirators submitted a fake roster in support of its fraudulent claims for the Stigma-Free Mankato site. The roster purported to list the names and ages of approximately 2,032 children who attended and received meals at their "after school program" in Mankato. Again, the list was fake. Only 16 of the names on the roster matched the names of students who attended school in the Mankato Area Public School district.

59. Based on these claims, the co-conspirators received approximately \$5 million in Federal Child Nutrition Program funds. ABDINASIR ABSHIR, in turn, transferred millions of dollars from Horseed Management to himself and other co-conspirators, including defendants SALIM SAID, ASAD ABSHIR, and AHMED GHEDI, through entities set up and used to disguise the source and use of the proceeds of the fraud scheme.

60. Feeding Our Future also received nearly \$420,000 in administrative fees for sponsoring the Stigma-Free Mankato site's fraudulent participation in the program. ABDINASIR ABSHIR also paid more than \$100,000 in kickbacks from Horseed Management LLC to EIDLEH in exchange for sponsoring and facilitating Stigma-Free Mankato's fraudulent participation in the Federal Child Nutrition Program.

The Stigma-Free Waite Park Site

61. As part of the conspiracy, AHMED ARTAN and HAMDI OMAR opened the Stigma-Free Waite Park site in or about April 2021. The Stigma-Free Waite Park site claimed to have served 2,000 children a day, seven days a week, at the Green Market, a small market and grocery located in a strip mall in Waite Park. HAMDI OMAR created a company called Feeding Our Youth that purported to serve as a meal vendor for the site.

62. During the eight-month period from April to November 2021, HAMDI OMAR and her co-conspirators claimed to have served more than 500,000 meals at the Stigma-Free Waite Park site. In support of these claims, HAMDI OMAR and her co-conspirators prepared and submitted fraudulent meal counts and invoices.

63. The conspirators also prepared and submitted a fake attendance roster purporting to contain the names and ages of approximately 2,000 children who attended the Stigma-Free Waite Park site's "after school program." But there was no after-school program, and this roster was fake. Indeed, the age column on the roster spreadsheet contained an imbedded formula that inserted a random number between 7 and 17 in the age column of the spreadsheet. For this reason, each time HAMDI OMAR and her co-conspirators prepared and submitted the attendance roster for the Stigma-Free Waite Park site, the roster contained the same names but different, randomly generated ages for the "children" on the list.

64. Based on these claims, HAMDI OMAR and her co-conspirators received more than \$1 million in Federal Child Nutrition Program reimbursements. Feeding Our Future received more than \$100,000 in administrative fees for sponsoring the Stigma-Free Waite Park site's fraudulent participation in the program.

Bet on Better Future

65. As part of the scheme in late 2021, ABDULKADIR SALAH registered another non-profit entity, Bet on Better Future, for use in carrying out the scheme. ABDULKADIR SALAH and his co-conspirators opened several Federal Child Nutrition Program sites through Bet on Better Future, including sites in Rochester, Minneapolis, Burnsville, Faribault, and St. Paul.

66. ABDULKADIR SALAH and his co-conspirators claimed to be serving meals to thousands of children per day at the Bet on Better Future sites. In all, ABDULKADIR SALAH received more than \$1 million in Federal Child Nutrition

Program funds into Bet on Better Future bank accounts in December 2021 and January 2022.

Acts in Furtherance of the Conspiracy

67. In furtherance of the conspiracy and to affect its unlawful objections, the defendants committed and caused to be committed the following overt acts, among others, in the state and District of Minnesota, and elsewhere:

AIMEE BOCK and Safari Restaurant

68. In or about April 2020, during the early days of the Covid-19 pandemic, defendants AIMEE BOCK and SALIM SAID submitted an application to open a Federal Child Nutrition Program site at Safari Restaurant under the sponsorship of Feeding Our Future.

69. On or about April 10, 2020, BOCK and SAID signed a contract providing that Feeding Our Future would disburse Federal Child Nutrition Program funds to Safari Restaurant for serving meals at the Safari Restaurant site.

70. In July 2020, Safari Restaurant claimed to be serving meals to 5,000 children a day, seven days a week. Safari Restaurant claimed to be entitled to millions of dollars in Federal Child Nutrition Program reimbursements for serving these meals.

71. On or about March 1, 2021, SAID sent an email to EIDLEH with the subject line "February summer meal counts Claims for Safari restaurant." Attached to the email were meal count forms claiming that the Safari Restaurant site served breakfast and lunch to 6,000 children a day, seven days a week, during February 2021.

The ASA Limited Site

72. On or about September 4, 2020, ABDIHAKIM ALI AHMED registered ASA Limited LLC with the Minnesota Secretary of State.

73. Four days later, on or about September 8, 2020, BOCK and ABDIHAKIM AHMED submitted an application to open the ASA Limited site in St. Paul.

Purpose and Object of the Conspiracy

183. The purpose and object of the conspiracy was to conceal, hide, and launder the proceeds of the fraudulent scheme to obtain Federal Child Nutrition Program funds.

Manner and Means of the Conspiracy

184. The conspirators used the following manner and means, among others, to accomplish the objects and purpose of the conspiracy:

a. The defendants created limited liability companies for use in hiding the source and ownership of proceeds of the fraudulent scheme to obtain Federal Child Nutrition Program funds.

b. Some of these companies purported to be meal vendors providing meals and food to the Federal Child Nutrition Program sites. In reality, these companies were shells designed to disguise the source and ownership of the proceeds of the fraud scheme.
